Hi Gene:

I just wanted to let you know that I am referring my friend Kelli [REDACTED] and her husband David to you. They have heard my story about how wonderful you all have been in helping to fix my credit and still continue to help fix it. They both can really use your help in trying to get their credit back in shapre. She may call or e-mail you (I have given her the information) and I would really appreciate it if you can see how you can help them and be a blessing to them like you have for me and your staff.

Thank you so much in advance for your time and for helping myself, my mother Janice [REDACTED] and bother Peter [REDACTED]. You all are such a blessing. Have a great day.
