Hi Gene ...

Just wondered if you saw my fax? I sent my credit score that I pulled on 3/15. You will not believe this ...

it's **910!**

I've really been working hard to pull it up but danggggggggg! That's unbelievable! I'm working to get Joe's improved, too ... both Joe's but I was speaking of dad. He's at 700/785/799 out of 850 so it's not bad but I hope to make it much better.

Thank you so very much for helping us! I look forward to the son's being much improved, too!

Blessings,
